14-DAY LENT PRINTABLE BANNER + DEVO

INSTRUCTIONS: Simply print all items (you may want to print one set of ornaments per child so each can color their own). Cut on solid lines and fold on dotted lines. Tape or glue side flap closure, but leave top open. Fold scallop toward the front picture. Cut a piece of string or ribbon long enough for entire banner. Work your way from left to right, starting with first blank flag. Place banner string under the flap created by the scallop and glue flap closed. Move on to next flag and repeat until finished.
