

Best Summer Ever-Homeschool Edition

Week One

Spirit

☐

Pray and ask yourself, or journal about, these questions: Why do I want to homeschool? What is one area that I want my family to grow in, and how can homeschooling help?

Husband

☐

Talk with your husband about homeschooling. Pray together, and create a vision for your family. Get on the same page and dream together!

Children

☐

Pray for each one of your children. Pray for a specific academic and emotional goal for each one of them for this upcoming school year.

Home

☐

Get your new school space ready. If you previously homeschooled, clean it out! If you are new to homeschooling, create a space and start making it pretty and organized.

Get Ready

☐

Research and learn about the co-ops, hybrids, and enrichment options in your city. They can offer so many things to a homeschooler!
