

Best Summer Ever-Homeschool Edition

Week Three

Spirit

Read Psalm 46:5-6. No matter what is going on in the world, in your home, the Lord will meet you. Dwell on this verse while planning your homeschool year.

Husband

Discuss a homeschool budget with your husband. Are there any extras you wish to buy besides curriculum, such as a museum or zoo membership?

Children

Ask your kids if they have any new hobbies they want to pursue or new interests they wish to learn about for this upcoming year.

Home

Once you have all your school supplies, decide how you will store them. Some ideas include shelves, bins, rolling carts, or buckets on the school table and/or desk.

Get Ready

Create your school year overview calendar. When will you start and when will you take breaks? Consider trips and big events during the year, such as births, health procedures, etc.
