

# Bath Bombs

By: Mackenzie Wilcox

These cute bath bombs can be shaped with whatever shape cookie cutter you would like & make a great gift for yourself, your kids, or your friends! They are really fun & easy to make!

- 1 cup Epsom salts & Dead Sea bathing salts
- 3 organic black tea bags
- 1 TBSP baking soda
- 1 TSP water
- 1 TSP olive oil
- 10 drops essential oil (I used grapefruit)
- A few drops of natural food colors

Cut open tea bags and mix tea with salts and baking soda. Add water, oils & coloring. Press mixture into desired cookie cutter on top of a wax paper lined cookie sheet. Carefully remove cookie cutter. Makes about 4 shapes. Allow to dry for 8-12 hours then flip and dry the other side for a few hours. To use, add to tub of hot water, soak and enjoy!
