Mama, have you ever heard the story of a candy cane? It's super sweet and a great way to show your kids so many elements of Christ's love for them (and you!). To do this activity, all you need is a candy cane- one for each child would be ideal!

Elements of a Candy Cane

Get cozy with your kids (big & small- the olders won't mind eating a candy cane with you!) and tell them you are going to share with them how a candy cane is a good way to show God's love for us! An added bonus is if you make hot chocolate to dip the candy canes into.

J For Jesus- flip your candy cane upside down! It makes a J for Jesus!

Hard Like A Rock- your candy cane is hard like a rock. Jesus is our rock & refuge!

Looks Like A Shepherd's Staff- Jesus is our good shepherd! He guides us with His staff.

It Has Red Stripes- the candy cane has red stripes to show us Jesus shed His blood for us!

It Has White Stripes-the candy cane has white stripes to show us He washed away our sin!

Two Candy Canes Make A Heart-two candy canes make a heart because Jesus love you!
