

Our Jesus is a Miracle Worker!

Demonstration Guide

Miracle Art

Before you sit down to do this activity with your kids, grab your paper towels and markers. Draw a simple picture with the markers on on paper towel- a heart, rainbow, flowers, etc. Make sure that your design is full of color and your markers give it a deep coloring.

To show the miracle (demonstration):

1

2

1) Cover your art you made with overlapping paper towels like you see in photo number 1 (pictured above). You may want to make two so you can practice to make sure it works! Fill your sink with about an inch full of water, drop your "Miracle Art" in, and watch your design miraculously appear!

2) After you kids "ooh and ahh", let them make their own! Younger kids and older kids love this activity. Remind them as they color and create, that while this a fun project, Jesus really did perform real miracles,; feeding, healing and saving people! What an amazing God we serve!
